

UPCOMING SEMINAR

Sponsored by:

Active Shooter Incident Seminar

It is not something we like to think about, but the reality is an active shooter incident is a serious potential risk in today's world. With 40% of shootings in the US taking place in the workplace, it is important for companies and organizations, large and small, private or public, to understand this risk and to address the safety of your most important asset—people.

Join us for an interactive seminar, in which you will utilize a combination of media, situational awareness drills, lecture, and discussion. Our expert presenters will outline ways to prepare for an active shooter incident and discuss strategies to reduce or mitigate any impacts on the safety of your guests, employees, and partners.

Topics covered will include:

- Mental and visual preparation for active shooter incidents
- The "Critical Space" when decisions must be made under stress with limited time and information
- Contingency plans and how to integrate those into your emergency operating procedures

Featured Presenter:

Ty Smith
Owner & CEO, *Vigilance Risk Solutions, Inc.*
